WYOMING MAN WILL TACKLE CASE MULE FEBRUARY 22d.

The Wyoming man who offered to bet five hundred dollars that he can ride the Case mule, and whose bet was accepted by Case and his associates, has placed in the hands of F. C. Pielsticker a certified check for \$500, and Case has deposited a check for a similar amount.

February 22d—Washington's birthday—has been set as the date when the Wyoming man will attempt to do what no man has so far been able to do, ride the bucking mule. During the past two years many riders have made the attempt, and among them have been some of the best riders in the west.

A number of other wild west stunts will be given in connection with the attempt to ride the mule.

Successful Entertainment.

The entertainment given by the Sammy Girls at the Lloyd opera house was an unqualified success, the receipts reaching nearly five hundred dollars. The attendance was greater than the seating capacity of the hall and every attendant had good words to say of the program, which was under the direction of Mrs. W. J. Tiley. One feature was "The Soldier in Dreamland," a pantomime written by Mrs. McKenna, of this city and interpreted in a very interesting manner. The entertainment as a whole was well worthy the large attendance.

Especially pleasing was the little tots who dramatized the song "I've just a pain in my Sawdust." Another event was the calling of Mrs. McGraw to the platform by J. G. Beeler and the presentation of American Beauty roses to the Sammie's mothers by the Sammy Girls.

"This is Life."

If you are blue or tired and weary come and see George Walsh, in "This is Life," at the Crystal theatre tonight. If you feel O. K. come along and George in his new photoplay will make you feel better. In fact he's good for every mood.

The title of the play suggests what it is like. Mr. Walsh, son of a rich father, doesn't care about work. He refuses to mix his ukulele and his motion pictures with business. His father, in the hope of reforming him, sends him with a cargo of munitions to South America. On the boat is a band of revolutionists. These George mistakes for a motion picture troupe. He gets into a real, live revolution and acts with vim, still believing he's in the movies. The complications bring about the arrest of George and the sentence to be shot at daybreak.

But George is not ready to be shot at daybreak or any other time. He uses his tricks to escape and then he rescues a girl held by the revolutionary band. He had believed the girl was a motion picture star. She's really the daughter of an American consul in South America.

Do You Need Seed This Year?

Altho my appointment as County Agent does not take effect until March first, yet it is desirable to know who wants seed this year, particularly seed corn, and who has a surplus, before that time.

Therefore, the Farm Bureau of this county asks all farmers to list their wants in this matter with A. R. Leavitt, North Platte, and those having a surplus to make it known that we may supply those needing it.

The government has fixed the price of seed corn in this state as follows: Pure bred seed testing 90 per cent and better \$5.00 per bushel.

This should be sufficient inducement for those having seed to save it, for besides being patriotic it is also clearly profitable.

BERT BARBER, County Agent.

Abandon Charges for Delivery.

Through lack of co-operation, those grocers who, upon recommendation of the state food administration and the state council of defense, inaugurated a charge for delivery and a charge for credit, have abandoned the plan. It is probable, however, that retailers will sooner or later need retrench their expenses for there is but little doubt as the war progresses the government will continue to draw the reins tighter on them, just as it will on the baker, the butcher and other classes of business. It is estimated that the cost of the delivery system of the North Platte grocers and butchers is not less than eighty dollars per day.

NOTICE.

Hereafter we will not make any charge for delivery or charge accounts. LIEBK-SANDALL CO.

Food Will Win the War

A LARGE part of the world is coming to the position that Belgium is in; coming to the stage where the primary and important thing in life is enough food to keep alive.

Food has now taken a dominant position in the war. The American people must prepare themselves to sacrifice far more than was at first thought necessary.

The cold facts are: France, Italy and England have just enough food to keep them going ten or twelve weeks. When America's food shipments stop—the allied nations begin consuming into this slender store and begin a swift march into actual famine conditions—which would mean defeat in short order.

Europe then must live on America's surplus. Your saving increases our available stocks just that much and actually feeds some person in the countries with which we are associated in our war against the Central Powers.

Our surplus wheat has already been shipped to the allies.

FOR SALE

The Grocery Department of the Wilcox Department Store.

Arrangements can be made for lease on present location. This is an exceptional opportunity to buy a cash business with a well established trade. The stock is exceptionally clean. Reason for selling is that we are removing to the Knights of Columbus building, which was planned to take care of the dry goods part of our business only.

WILCOX DEPARTMENT STORE.

Owing to lack of co-operation, we have decided to abolish our charge of ten cents for delivery, and 2 per cent for charge accounts. We will adhere strictly to the food administrator prices, and as they are based on the cash and carry plan, we must insist on our customers paying their accounts every 30 days.

RUSH MERCANTILE CO.

A NICKEL A DAY IS YOUR SHARE

If You Can Save More, Then More is Your Share.

If every person in Nebraska were to lay aside a nickel each day during the year of 1918, it would mean the saving of nearly \$26,500,000 in this state this year. This is Nebraska's share of the War Savings Stamp loan.

If everybody in the United States saved a nickel a day during the year, it would mean the raising of \$2,000,000,000. This is the total amount of the War Savings loan.

Five nickels buy a "Thrift Stamp." Sixteen of the 25-cent "Thrift Stamps" pasted on a card can be exchanged with a few cents for a War Savings Stamp. War Savings Stamps cost \$4.12 each until February 1, and then one cent more each month until the end of the year, and on January 1, 1923, can be redeemed at any post-office for \$5.

If you do not want to keep War Savings Stamps until the date of maturity you can cash them at the post-office any time on 10 days' notice, and get what you paid plus the interest earned to date.

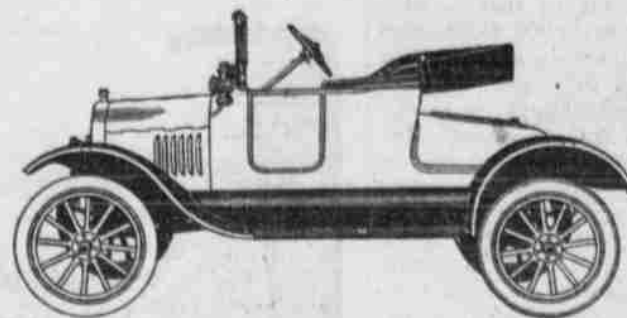

FOR SALE at the REXALL Drug Store

Ford THE UNIVERSAL CAR

It's no longer necessary to go into the details describing the practical merits of the Ford car—everybody knows all about "The Universal Car." How it goes and comes day after day and year after year at an operating expense so small that it's wonderful. This advertisement is to urge prospective buyers to place orders without delay as the war has produced conditions which may interfere with normal production. Buy a Ford car when you can get one. We'll take good care of your order—get your Ford to you soon as possible—and give the best in "afterservice" when required.
